### 5. Automobile special accident history information

You can check the accident records of automobile accidents for which insurance money was paid out by automobile insurance and the accidents that may have a special impact on the quality of the automobile (total loss, theft, flooding).

**Total loss insurance accident doesn't exist**

**Theft insurance accident doesn't exist**

**Flood insurance accident doesn't exist**

Glossary

- Total loss insurance accident** is an event covered by automobile insurance (excluding theft, flooding, and insured accidents) in which the cost of repairing a damaged automobile exceeds the automobile's value (as deemed appropriate by the insurance company) (presumed total loss) and in which the damaged automobile cannot be repaired or cannot function as an automobile even after repair (absolute total loss)
- Theft insurance accident** is an event in which a stolen car is not found within 30 days of being reported to the police and compensation is received from the car insurance company.
- Flood insurance accident** is an event in which water enters the car while it is being driven, causing the engine to stall, or water enters the engine while it is parked, causing damage to the car. A flood insurance accident refers to a partial or total loss accident due to flooding, and a total loss insurance accident refers to a general (other) total loss accident excluding flood insurance accidents and theft insurance accidents.

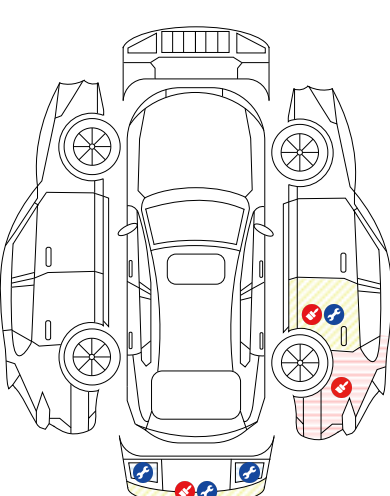

## 6. Detailed information on insurance accident history

 184mu2304 While the vehicle is not covered by the own vehicle damage insurance, it is not possible to provide information on accident history processed by my insurance .

Non-subscription period March 2024 - September 2025

Depending on the source of insurance claims and repair (estimate) costs, claims are divided into "Paid by your insurance company (your own insurance)" and "Paid by another vehicle's insurance (the other party's insurance) ." This section provides information on cases where damage to another vehicle or property in a car accident is paid from your own insurance .

\* If the damage or repair records of the vehicle are processed simultaneously by both the insured and the other party's insurance due to mutual fault, they will only be displayed in 'My Insurance' and omitted from 'Other Party's Insurance'.

- Due to the way Kahistory data is collected, some errors may occur. If you have any questions, please call.
- The above 'repair (estimate) cost' is the repair and estimate (parts/labor/painting) cost excluding indirect damages such as rental fees and downtime fees and negligence offset amounts from the insurance money paid by the insurance company, and is different from the actual insurance money paid.
- The "Repair History Information" above is provided on a limited basis, only if we have insurance repair history information for the vehicle in question. We will strive to further improve our data to provide more repair history information.

### Glossary

- **Repair (estimate) cost** After the event of damage to a car due to an automobile accident, the insurance company pays out the insurance money, excluding indirect damages such as automobile transportation costs, replacement car fees (rental fees), and downtime fees, as well as the amount of negligence offset, and the cost or estimate required to repair the car, including the cost of parts, labor, and painting fees.
- **Uncertain accident** This refers to an accident where the insurance amount to be paid has not yet been determined because the accident processing has not been completed after being reported to the insurance company as an automobile insurance accident, or the insurance amount has been determined but the related data has not yet been transferred to the Insurance Development Institute (transmitted once a month, takes 2-3 months) and thus has not been finalized.
- **Non-subscription period** during which information on automobile repair costs paid by own vehicle damage coverage cannot be provided due to the period during which own vehicle damage coverage was not subscribed.
- **My car insurance claim accident** covered by my insurance (excluding personal injury)
- **Accidents handled by other party's insurance** covered by other car insurance (excluding personal injury)
- **Accident involving damage to the other car** covered by my insurance (excluding personal injury)

## 7. Mileage history information

The CarHistory mileage history information service provides mileage data submitted directly by auto insurance policyholders or used car sellers to their insurance companies or used car shopping malls without verification. The developer, insurance companies, and used car shopping malls do not guarantee the accuracy of this mileage information. Therefore, please use it only as a reference for vehicle verification.

The developer, insurance companies, and used car shopping malls are not responsible for any losses resulting from errors in this information.

<b>Recent mileage information</b> : Mileage: 62,485 km Recorded date: 2024-07-22	date	mileage	Provider
	July 22, 2024	62,485 km	Used car shopping mall
	March 21, 2024	60,624 km	Used car shopping mall

## 8. Vehicle value information

Vehicle price range  
20.63~27.02 million won

The vehicle standard value is used as a reference for auto insurance coverage and for determining damages in the event of an accident. Please note that it is unrelated to the market price of used cars. The actual application of this value may vary when concluding an auto insurance contract or determining damages. (Detailed information is available on the Korea Insurance Development Institute website.)

\* Minimum and maximum prices for similar vehicles are displayed, and the model year is based on the vehicle registration date.

### Additional usage information

- This used car accident history information is based on the date of information inquiry.
- This information is provided for reference only to confirm the vehicle being searched as general vehicle information. For some vehicles, there may be omissions or errors in the information.
- Flooding incidents include minor partial flooding, and may be marked as 'no history' due to missing data.
- Errors may occur in the method of collecting data for Kahistory, so please call if you have any questions.
- Repair costs are calculated solely for vehicle repair-related items by the insurance company to calculate the insurance payment, and may differ from the actual insurance payment received.

### Notice on service use restrictions

The used car accident history information service is based on automobile insurance repair payment records (since 1996) from 12 non-life insurance companies. Therefore, the used car history information service is not available in the following cases:

- Even if there was an accident, if the insurance company did not report the accident and handled it at one's own expense
  - Even if the accident was reported, if payment was not made due to reasons such as exemption or cancellation
  - If the accident was reported and then handled at one's own expense
- In the case of receiving compensation for damage to the automobile from a transportation insurance (taxi insurance, cargo insurance, bus insurance, etc.) other than automobile insurance, etc.

This used car accident history information is provided as supplementary information for used car quality assurance and should not be used as a definitive judgment. Therefore, for precise used car quality assurance, please consult a professional vehicle diagnostics company.

## What is the used car accident history information service?

The Used Car Accident History Information Service

is an online service based on automobile-related information held or collected by the Korea Insurance Development Institute (KIDI) since 1996. This service aims to promote used car transactions and enhance transparency in the used car market.

This information is supplementary for used car quality verification and should not be used as a definitive basis for determining the occurrence of any accident or quality of a

vehicle.

Therefore, the KIDI assumes no responsibility for any issues arising from the misinterpretation, misuse, or abuse of this information.

The Korea Insurance Development Institute ([www.kidi.or.kr](http://www.kidi.or.kr)) is an insurance rate calculation agency established pursuant to Article 176 of the Insurance Act, and the Used Car Accident History Information Service ([www.carhistory.or.kr](http://www.carhistory.or.kr)) is provided pursuant to Article 86, Paragraph 1 of the Enforcement Decree of the Insurance Business Act.
